COUNTY LAND DEVELOPMENT WORKING GROUP - STATUS REPORT NO. 1

On October 8, 2002, your Board instructed the Chief Administrative Officer to convene a working group of County departments to review various recommendations outlined in the La Vina Land Development Project Review and report back to your Board with recommendations to enhance the land development process in Los Angeles County.

Our office has initiated research into the processing and monitoring of land development projects utilized by other counties and cities to determine if opportunities exist to consider alternative methods and technology proven successful in other governmental agencies. In addition, all involved departments will convene shortly to adopt a work plan to address the various issues contained in the October 8, 2002 Board motion. We will provide your Board with additional status reports as we move forward with this process.

If you have questions regarding this matter, please contact me, or your staff my contact Lari Sheehan of my staff at (213) 974-1174.
